SARUPATHAR COLLEGE

2.3.2

ICT FACILITIES

AQAR- 2021-22

Sarupathar College,
Sarupathar, Golaghat

The college emphasizes the use of ICT for better academic as well as administrative functioning. Apart from PCs, laptops, mobile phones, and the use of various applications and softwares for conducting classes and improving the efficiency of the teaching learning process, the college facilitates various other modes of Information and Communication technologies for smooth functioning of its various activities. Apart from offline mode, the college since 2020 has opted online mode of admission, form fill-up for examinations and issue of admit cards. The college has been in the process of continuous upgradation in the use of ICT to maximise the accessibility of internet. The institution has 70 computers out of which 30 are enabled with internet facilities.

- The college is facilitated with two internet connections of BSNL Broadband.
- The college has 15 numbers of Wi-Fi routers installed in the college campus.
- The college has 14 digital classrooms and one digitalized conference room.
- The college campus as well as the Boys' and Girls' Hostels are fully covered by CCTV surveillance. 75 number of CCTVs have been installed throughout the campus.
- Face recognition attendance system was installed in 2019 for all teaching and non-teaching staff. Prior to that the college had a finger print biometric scanner.
